Following remarks are extracted/Copied from their emails and provided as it is.

Mujeeb Sheikh, Pakistan Association;

In my opinion, the Coaching Clinic onSunday was excellent. My expectations were simple. We wanted our localplayers learn how to coach beginners of different ages. There are a number of Cricketers in Columbus however I don't believe anyone of them have had the opportunity to attend a coaching session before. I appreciated that Jatin and a few others spent their Sunday in Columbus coaching a large group of Cricketers. He surpassed my expectations. His passion for promoting Cricket in US, easy style and coaching experience was invaluable in order to prepare the local coaches for the cricket camp scheduled to take place in Columbus on Sept 15.

Jason Hamilton;

My son, Jude, really enjoyed the clinic. We laughed later about how Jatin said so often that Jude was doing "everything wrong". I thought it was great that Jude realized his mistakes helped Jatin teach the group about coaching American kids in cricket. He's looking forward to participating in the upcoming camp. We want to thank the whole group for allowing us to join you in a fun day learning to play cricket. This is a fantastic project to bring the community together around an entertaining sport
